

***Sign ups are now taking place for the
Gateway Developmental Ice Hockey
Program!***

Practices begin Sunday, October 15th at 5:45 PM.

- Gateway Developmental is a fun, encouraging environment which offers novices a comfortable means to start their ice hockey career while still providing a challenging way to hone the skills of more experienced players. All skill levels are welcome (even first-time skaters).
- Roughly 12-15 practices at Palmer Imaging Arena (100 Center Ice Drive, Delmont, PA) on Sundays from 5:45 pm — 6:35 pm; Season generally runs mid-October through early March.
- Depending on enrollment we may field teams at the 12U, 10U and 8U levels.
- Game slots will vary in date and time, and will be both home and away, generally within a half-hour drive. Depending on enrollment expect roughly 8 games against other local school teams.
- Team jersey, socks, and ice time are included in tuition.
- Total tuition will be roughly \$400 for the season with exact amount depending on enrollment: Registration of \$125 (non-refundable) due at sign ups with remaining balance split over 4 equal monthly payments.
- Open to kids in Kindergarten through 6th grade.
- You do not need to live in Monroeville or attend a Gateway school to play. Currently there are co-op agreements in-place for players at the following schools to continue to play for Gateway in middle school and above (East Allegheny, Derry, Jeannette, Woodland Hills) but other schools are welcome too.
- Numerous fundraising opportunities are available to help lessen the cost of tuition.
- We have one mandatory raffle ticket fundraiser for the club—details available at sign ups.
- 8U level will play cross ice; 10U & 12U levels play full ice. Your child can skip the games if they are not comfortable playing games.
- Full hockey equipment and registration through USA Hockey required (\$51) for insurance purposes. We have a limited amount of loaner equipment if needed.

***If you are interested in learning more please attend the Developmental Open Skate
October 15, 2023 5:45-6:35 PM at Palmer Imaging Arena (skates and helmet are
required at a minimum).***
